

Dinghy Rental Application

Please complete this form in order to determine the availability/compatibility for your dinghy within our marina. If we do not currently have space to accommodate your boat we will keep this application on file. If your information should change you will need to complete another dockage application. If your application is accepted you will be asked to complete a dinghy contract that outlines our marina's guidelines. Also, you will need to submit a certificate of insurance that states that you have adequate liability and pollution coverage on your boat. The certificate will need to list Davis & Tripp, Inc. as the certificate holder.

Are you renewing an application? _____

Your Name: _____

Address: _____

Phone Numbers: _____

Email Address: _____
