

Mooring Rental Application

Please complete this form in order to determine the availability/compatibility for your boat within our mooring area. If we do not currently have space to accommodate your boat we will keep this application on file. If your information should change you will need to complete another dockage application. If your application is accepted you will be asked to complete a mooring contract that outlines our guidelines. Also, you will need to submit a certificate of insurance that states that you have adequate liability and pollution coverage on your boat. The certificate will need to list Davis & Tripp, Inc as the certificate holder.

Are you renewing an application? _____

Your Name: _____

Address: _____

Phone Numbers: _____

Email Address: _____
